

**Requirements for Freehand Quilting Class with Hanne Asbey
Saturday 21st April at Purely Patchwork 10am to 4pm**

All stitching on this sampler is done with a free motion foot.
I have included a bit of everything, some straight lines, the middle design is traced from a pattern and the other sections have been filled with patterns that I like to use for filling stitches.

A sewing machine with all accessories incl. extension table

2 pieces of plain light coloured fabrics, 34ö x 34ö

Wadding also 34ö x 34ö, 80-20 or similar

Also bring a few scraps of fabric and wadding for practising

A thread with a contrasting colour, my sampler was done with variegated thread. It is easier to see your stitches if the thread is slightly darker than the fabric but remember, if the thread is very dark it will show any mistakes.

I suggest a normal sewing thread no 50 as thicker threads also has a tendency to show mistakes.

Machine needles size 12 (80) quilting or microtex

Small scissors and seam ripper

Safety pins

A Friction pen for marking

Quilting gloves
